

Level 6 NVQ Diploma in Occupational Health and Safety Practice

The Level 6 NVQ Diploma in Occupational Health and Safety Practice qualification is aimed at candidates who are responsible for developing and applying health and safety procedures day-to-day in their organisation. They may be a staff member, supervisor or manager looking to improve their knowledge and skills.

As a qualification that is quickly becoming an industry recognised as the NEBOSH Diploma, the NVQ Level Diploma is the equivalent to a Bachelor's Degree and is aimed at candidates who are responsible for developing and applying health and safety procedures day-to-day in their organisation. They may be a staff member, supervisor or manager looking to improve their knowledge and skills.

To achieve the qualification, candidates must complete all the Mandatory Units

Unit Reference Number	Unit Title
D/616/9536	Promote a positive health and safety culture
F/616/9531	Develop and implement the health and safety policy
J/616/9532	Develop and implement effective communication systems for health and safety information
R/616/9534	Develop and maintain individual and organisational competence in health and safety matters
Y/616/9535	Identify, assess and control health and safety risks
H/616/9537	Develop and implement proactive monitoring systems for health and safety
K/616/9538	Develop and implement reactive monitoring systems for health and safety
M/616/9539	Develop and implement health and safety emergency response systems and procedures
H/616/9540	Develop and implement health and safety review systems
K/616/9541	Maintain knowledge of improvements to influence health and safety practice

Successful completion of this qualification will allow the learner to apply for Graduate Membership of the Institute of Occupational Safety and Health (GradIOSH) and progress to Chartered Membership (CMIOSH)
